beating cops  
with \_\_\_\_\_.

Write a riot  
manifesto.

What do we  
fear the  
most?

Thinking  
about \_\_\_\_\_  
always makes  
me pop a  
boner.

What's the  
worst thing  
about toxic  
masculinity?

**DRAW 2**  
**PICK 3**

Damn! \_\_\_\_\_  
just feels so  
fucking good.

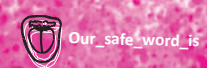

Our safe word  
is \_\_\_\_\_.

There are  
always two  
kinds of  
people:  
\_\_\_\_\_  
and \_\_\_\_\_.

Finally, \_\_\_\_\_,  
ended up  
being \_\_\_\_\_  
all that time.

Country

me home \  
To the place I  
belong \  
\_\_\_\_\_!

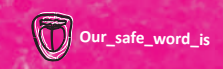

Don't let  
them fool  
you. \_\_\_\_\_  
does not  
exist.

\_\_\_\_\_ is killing me  
(and I) \  
I must confess  
\_\_\_\_\_ (still believe).

What's the  
most  
disgusting  
thing you can  
think of?

If you're so  
sure that you  
know your  
rights, name  
three of  
them.

I just can't  
keep beating  
my dick off  
watching \_\_\_\_.  
Which is  
disturbing.

Wanna join  
me in "\_\_\_\_\_

LOUD!  
WHAT DO WE  
WANT?

We lived in a time where nationalism was supposed to be nothing but ashes, although fascism was a choice. Afraid people - everyone, apparently- made it rise again. The debacle rooted, not emerged, with Trump, D.'s ascension in America; Bolsonaro, J.'s in Brazil; Abascal, S's in Spain, Putin, V's in Russia... All in all, right-wing extremism came back to be part of our lives, our countries and our world. A world increasingly fragmented and confronted. Trump built "The Wall" greeted with applause and tears back then in 2019. Bolsonaro declared transexual people to be animals, Eradicating and stigmatizing all human rights that long ago conquered their murdered sisters. But we wish that was all. In Putin's Russia, 2017, the habit of celebrating a biannual purge against "plagues and diseases" became a habit. That words used to describe this nonsense were only euphemisms for the LGBTQI+ community, homeless people, immigrant population and so on.

on.  
In a society where porn was seen without prejudice or taboos, where most important cities worldwide celebrated erotic fairs that welcomed millions of people year after year, one of the biggest cultural lost was permitted; First of all, instagram and facebook censored all the mischievous nipples of their network. After that, more than half of Tumblr's content was banned and considered inadequate. After this issue, Purnhub and every other pornographic network were shut down. Some claim this loss to be as grim as the burning of The Library of Alexandria.

Now, freedom of speech is no longer a thing. We are learning perforce to repress our feelings. Diversity have disappeared, also individualism did. All past gender and sexual revolutions have been replaced with the slogan "Neither machismo nor feminism. Equality". The "Neo-Middle Ages" are here but luckily Witches have risen. They were reborn with the Dadaists and the Surrealists, too.

They were reborn with the Dadaists and the Surrealists, as the Salem witches did after being burned at the stake, rising against their time to instill fear and destabilize a corrupt society.

They were reborn when Ilinx stopped being exclusively part of Roger Caillois' imagery, to become something similar to the Sublime terrorism of The Cannibal Faction; the feeling and the need for Visceral Chaos. They were reborn with Vivienne Westwood and the Sex Pistols.

They were reborn with the Revolts of Brixton; at the moment they stood up to both standardized fascism and the permissiveness of a society that looked the other way while a "small" collective was repeatedly and systematically oppressed, excusing itself in the labor shortage of a marginal London society. They were reborn together with all those sisters that one day decided to label themselves Queer, redefining and performatizing the binary gender, leaving a legacy behind for people like Judith Butler, among many others, to take the opportunity to establish the foundations of what was known as "non-binary gender". We are non-conformists. We are here to play, to shock, to expand, to spread terror and hack the mind of a blind society that looks upon itself as completely lucid. We fight individually for a collective purpose. We are not one.

# Cards Against Humanity Rules

Revolution is Pink Pack

## Basic Rules

To start the game, each player draws ten White Cards.

The person who most recently pooped begins as the Card Czar and plays a Pink Card. The Card Czar reads the question or fill-in-the-blank phrase on the Pink Card out loud.

Everyone else answers the question or fills in the blank by passing one White Card, face down, to the Card Czar.

The Card Czar shuffles all of the answers and shares each card combination with the group. For full effect, the Card Czar should usually re-read the Pink Card before presenting each answer. The Card Czar then picks the most shocking play, and whoever submitted it gets one Awesome Point.

After the round, a new player becomes the Card Czar, and everyone draws back up to ten White Cards.

---

## PICK 2

Some cards say PICK 2 on the bottom.

To answer these, each player plays two White Cards in combination. Play them in the order that the Card Czar should read them - the order matters.

If the Card Czar has lobster claws for hands, you can use paperclips to secure the cards in the right order.

---

## Gambling

If a Pink Card is played and you have more than one White Card that you think could win, you can bet one of your Awesome Points to play an additional White Card.

If you win, you keep your point. If you lose, whoever won the round gets the point you wagered.

## House Rules

Cards Against Humanity is meant to be remixed. Here are some of our favourite ways to pimp out the rules:

**Happy Ending:** When you're ready to stop playing play the "Make a Haiku" or "Make a riot manifesto" Pink Card to end the game. This is the official ceremonial ending of a good game of Cards Against Humanity / Our\_safe\_word\_is, and that two cards should be reserved for the end. (Note: Haikus don't need to follow the 5-7-5 form. They just have to be read dramatically).

**Rebooting the Universe:** At any time, players may trade in an Awesome Point to return as many White Cards as they'd like to the deck and draw back up to ten.

**Packing Heat:** For PICK 2s, all players draw an extra card before playing the hand to open up more options.

**Blow-up Doll:** Every round, pick one random White Card from the pile and place it into play. This card belongs to an imaginary player that is a Blow-up Doll, and if she wins the game, all players go home in a state of everlasting chaos.

**God Is Dead:** Play without a Card Czar. Each player picks his or her favourite card each round. The card with the most votes wins the round.

**Survival on the Fittest:** After everyone has answered the question, players take turns eliminating one card each. the last remaining card is declared the funniest.

**Serious Business:** Instead of picking a favourite card each round, the Card Czar ranks the top three in order. The best card gets 3 Awesome Points, the second-best gets 2, and the third gets 1. Keep a running tally of the score, and at the end of the game, the winner is declared the most shocking person, mathematically speaking.

**Never Have I Ever:** At any time, players may discard cards that they don't understand, but they must confess their ignorance to the group and suffer the resulting humiliation.
